Choose the one you consider correct and record your choice in soft pencil on the multiple choice answer sheet. Follow the instructions on the multiple choice answer sheet. Write in soft pencil.

## G\*Power 3: A flexible statistical power analysis program for

estimate of the true power.<sup>1</sup> Retrospective power analy-ses are based on the highly questionable assumption that the sample effect size is essentially identical to the effect size in the population from which it was drawn (Zumbo & Hubley, 1998). Obviously, this assumption is likely to be false, and the more so the smaller the sample. In addition,
