## **Investing in Rental Properties for**

**Beginners** Lisa Phillips 2018-08-13 This book is about investing in sub \$30k properties (under \$30,000) and becoming a wealthy real estate investor enjoying the profits now, rather than later ... with only 2-5 properties instead of hundreds or overly priced properties. This book on investing in rental properties for beginners is the foundation of what I've built 47,000 person social media platform on - helping the average person get involved in rental properties on an average income, and building the cash flow of their dreams with 2-5 properties. That's it. This will teach you (the ordinary investor) how to tailor your investment strategy to your pocketbooks (and no one else's). You don't need to ask your parents or friends for loans because the best approach to building a rental portfolio is by purchasing units in modest neighborhoods that offer really high rents (i.e. purchase a \$44,000 rental that earns \$1200 a month in rents). If being a real estate investor is your dream and being a landlord is not, this is the book for you! The author will personally take you through the steps she's used on over 560 people to build their dream income and lifestyle.

**Summary: Buy, Rent & Hold**

BusinessNews Publishing 2013-02-15 The must-read summary of Robert Irwin's book : "Buy, Rent & Hold: How to Make Money in a "Cold" Real Estate Market". This complete summary of the ideas from Robert Irwin's book "Buy, Rent & Hold" shows that investing in real estate is deceptively simple. This summary explains that, all you need to know is summed up in the strategy Buy - Rent - Hold. That is: 1. Buy property when the market is tracking downwards

before it reaches the bottom; 2. Rent your property aggressively to cover your carrying costs - the mortgage, maintenance, taxes, etc; and 3. Hold the property until the market reaches its peak, at which time you then sell. In essence, that's all there is to it. Of course, the difference between a theory and actual profits lies in the execution.

Added-value of this summary: • Save time • Understand the key concepts • Increase your business knowledge To learn more, read "Buy, Rent, & Hold" and learn how to make big profits even during today's economic slump!

**ABCs of Buying Rental Property** Ken McElroy 2020-09-29 Many Americans dream of financial freedom, but they're stuck in dead-end jobs and don't know how to get there. You don't need to be one of them. If you invested \$35,000 in the stock market today, it could take 52 years for that investment to grow to \$1 million. But if you invested that same amount into one single-family \$140,000 rental property, it would only take 19 years. With just two rental properties, you could generate \$417,000 in profit in just 10 years. Skeptical? Good, because that's the first sign of a smart investor. This book will tackle that skepticism head on... and give you confidence and a path to financial freedom. THIS BOOK WILL TEACH YOU HOW TO: - Secure your investment money - Find your ideal market--and a positive-cash-flow property - Efficiently manage your property - Handle your record keeping - Boost revenues and cut costs - File your taxes using a step-by-step process - Build your real estate portfolio

**Long-Distance Real Estate Investing**

David Greene 2017-12-14 Live where you want, and invest anywhere it makes sense. "It is a common misperception in real estate investing that you should buy only where you live. David Greene has put that myth to rest... This is a must-read for investors who want to expand their real estate empire nationwide." --David Osborn, bestselling author of *Wealth Can't Wait* Are you interested in real estate investing, but you live in a hot market that is not suited for buy

and hold investing? Do you want to take advantage of wealth-building opportunities, but that seems impossible until the next market crash? Real estate investing is one of the greatest vehicles to build wealth, but it doesn't make sense in every market. Some locations provide incredible returns, while others make it almost impossible to find a single property that profits. Traditionally, investing out of state has been considered risky and unwise. But the rules, technology, and markets have changed: No longer are you forced to invest only in your backyard! In his book, real estate investor and police officer David Greene shows you exactly how he's built a multi-million dollar portfolio through buying, managing, and flipping out-of-state properties, often without ever even seeing the properties in person. David shares every tip, trick, and system he has put in place for over twenty rental properties, so you can avoid making mistakes and shorten your learning curve immensely! What's inside: How to assemble an all-star team to handle each aspect of a deal from A-Z. How to find great deals in any state, regardless of where you live. How to rehab a project from thousands of miles away without worry or complication. How to speak the language of the agents, contractors, lenders, and property managers you will use. How to quickly and easily know which neighborhoods to buy, and which to pass in. How to choose the best materials for your rehab projects and pay the least amount of money. ...And more! Don't let your location dictate your financial freedom. Get the inside scoop to invest--and succeed--anywhere!

*Buy, Rent and Sell: How to Profit by Investing in Residential Real Estate* Robert Irwin 2001-04-22 The time has never been better for investing in real estate, and this book arms the millions of investors who are returning to real estate as an established instrument of wealth creation with surefire strategies for making a killing in the real estate market. Due to the pent-up demand for housing caused by the lull in housing starts during the 90s, as many as 11 million would-be American home-owners are

currently vying for a rapidly dwindling pool of available properties. In *Buy, Rent, and Sell* Bob Irwin, one of America's most well-known and respected real estate author/experts, provides nuts-and-bolts advice and guidance on how to find good investment properties, how to successfully rent them, and how to quickly turn them around for a profit. Written in Irwin's trademark down-to-earth, jargon-free style, *Buy, Rent, and Sell* is an indispensable guide for novices as well as experienced real estate investors.

How to Buy a House Mark Ferguson

2017-05-10 A house is the biggest purchase most people will ever make, but most people don't know the best way to buy a home. The book covers everything you need to know about the home buying and selling process so that you are not taken advantage of. including:- Deciding on how much money to spend on a house(don't let your lender or agent decide for you!)- Deciding whether you should buy or rent- How to get a great deal on a house that will build instant equity- How to get the best loan with less money down (if that is your goal) and the lower overall cost- How to find the best real estate agent and lender and why you need them- How the process works including inspections, appraisals, title insurance, mortgages, closings, escrows, HOAs, etc...- How to fix up your house and maintain it- How to find contractors to help you fix up your house- How to sell your house for the most money- When and if you should refinance your house- A glossary full of definitions for real estate terms- Plus bonus chapters on starting a career in real estate There has been a lot of talk about real estate being a bad investment. Many financial and economic advisers suggest buying a home may be worse for your finances than renting. However, I think most people do not take the home buying or selling process seriously. They put all their faith in other people to get the right deal done for them. If you blindly buy a house based on what your real estate agent or lender tell you, it may not be a good investment! However, if you are able to find

great deals, get a good loan, and take care of your home, real estate can be an incredible tool to build wealth. I am a real estate agent, and real estate investor who has done very well buying hundreds of houses. I try to teach what I know to others to help them make smarter and better decisions. If you know the right way to buy a home, it beats renting every time. There is a lot of information in this book, and depending on your real estate experience you may know some of it, or be familiar with a lot of it. I have created four sections with many chapters to make it easy to navigate. The first part of the book focuses on the bare basics of buying and selling houses, while the later sections go deeper into each aspect of real estate. I hope you enjoy the book and learn how to make your real estate purchases awesome investments. *Buy Low, Rent Smart, Sell High* Andy Heller 2012-01-01 Facing a volatile stock market, many people have turned to real estate as a way to invest their hard-earned money. While many investors opt to buy property and then sell it quickly, other investors choose to hold onto their property for a longer period of time to realize a greater return on their investment. Real estate experts Scott Frank and Andy Heller have developed a proven and diversified program for real estate investing that incorporates both approaches and enables investors to take control of their financial futures and build wealth over time. Their new book, *Buy Low, Rent Smart, Sell High: Real Estate Investing for the Long Run* outlines a win-win-win program, one where average people can reap significant financial rewards by investing in real estate. \* Win One: Buying Low - The investors first win occurs by purchasing real estate at a 10-20 percent discount by seeking out motivated buyers and avoiding paying agent commissions. The book reveals the secret to buying foreclosed homes with clean titles from banks and mortgage companies. \* Win Two: Renting Smart - The property is rented through a lease/purchase agreement. Not only does the investor get a down payment from the lease/purchasee, but he or she also

receives monthly rent that usually exceeds the monthly mortgage payment. Also, the lease/purchasee takes on the maintenance and repair responsibilities and tends to be a better tenant in return for their special lease/purchase terms. In addition, as the owner of the property, the investor is able to receive tax write-offs. \* Win Three: Selling High - The final win results when the lease/purchasee exercises his or her right to purchase the property. The owner has realized the benefits of owning the property and has sold it to the lease/purchasee without agent commissions. If the lease/purchasee decides not to exercise his or right, the investor still wins because he or she can either extend the lease purchase agreement and increase the purchase price (based on property appreciation) or enter into another lease/purchase agreement with a new tenant and begin the cycle of wins all over.

Click On The Buy Now Button To Get Started [Financial Freedom with Real Estate Investing](#) Michael Blank 2018-07-16 Discover the (surprising) secret to lifelong financial freedom with real estate investing. Real estate has always been a powerful tool for investing, and many people believe that a single-family home investment strategy will help them achieve their goals. However, the true path to financial freedom using real estate is found in apartment buildings. Real estate investing expert and author Michael Blank learned that once investors did their first deal, the curious "Law of the First Deal" led to the second and third deals in rapid succession. Most were able to quit their jobs within 3-5 years of getting started. Of course, when most people hear "apartment buildings" they immediately assume they need years of investing experience and money saved up to be able get into the game. This simply isn't true. Michael has compiled the results of his research into his new book, Financial Freedom with Real Estate Investing: The Blueprint to Quitting Your Job with Real Estate - Even without Experience or Cash. He's outlined the "Financial Freedom Blueprint" that guides you through your first multifamily deal, even if you have no prior experience or your own cash.

**Calculator** Michael Thomsett 2017-10-18 With real estate investing on the rebound, more and more people are jumping into the market. But not everyone is finding equal amounts of success. Why do some investments turn into gold mines and some into money pits? Oftentimes, the return on investment hinges less on the physical property and more on the math. If they had taken the right measures beforehand, they would've realized that the numbers just

didn't add up. Before your next real estate investment, you need to ask things like: Have you measured every component of value, such as cash flow, income taxes, financing, and investment yield? Do you know which calculations to use on specific properties? Have you weighed all the risks? The Real Estate Investor's Pocket Calculator helps you analyze the financial picture before shoveling out the money. Simple explanations, worksheets, and more than 100 Excel formulas will have you crunching numbers like a pro. Just like the professionals, you will learn how to:

- Gauge supply and demand
- Project return on investment and equity
- Analyze present and future value
- Calculate cash flow
- Make accurate tax projections
- And more--before you commit capital!

Fewer mistakes and less guess work. Larger returns and even more opportunities for additional investments . . . It's all possible now with the help of this invaluable resource!

#### Making Money with Rental Properties

Kimberly Smith 2014-01-07 On the surface, being a landlord seems pretty simple--you buy property, find renters, and the money

rolls in. However, as all too many people have found out, it takes an incredible amount of know-how and hard work in order to be successful at it. *Idiot's Guides: Making Money with Rental Properties* is written by experts who have made the mistakes, learned the lessons, and have become highly successful at spotting properties with high rental potential, buying them at the right price and time, and finding tenants who pay on time and stay for the long haul. Readers will learn not only how to spot the right neighborhood and property, but how to buy it, when not to buy it, how to find the right tenants, how to manage the money flow, and more. In addition, readers will learn what to do when things go wrong, what legal protections they (as well as the tenants) have, and how to do it all without going broke and losing their minds in the process.
