[Sense and Sensibility](#) Jane Austen 1864

[Standard Methods for the Examination of Water and Wastewater](#) American Public Health Association 1915 "The signature undertaking of the Twenty-Second Edition was clarifying the QC practices necessary to perform the methods in this manual. Section in Part 1000 were rewritten, and detailed QC sections were added in Parts 2000 through 7000. These changes are a direct and necessary result of the mandate to stay abreast of regulatory requirements and a policy intended to clarify the QC steps considered to be an integral part of each test method. Additional QC steps were added to almost half of the sections."--Pref. p. iv.

Tent Living David Shilling 2019-03-27 Have you ever wondered what it would be like to live in a tiny one-room home? To live off-the-grid, without electricity and without plumbing? To live comfortably in the woods, surrounded by wildlife, where you wake up every morning to the sound of song birds? And to do it all on a tight budget, without having to spend weeks and months building an elaborate structure. Tent Living is a chronicle of one man's life in a 12' x 14' canvas wall tent. For three years, David Shilling lived in a tent in the woods of rural Virginia. This book chronicles his entire three-year experience. You'll find practical tips on all aspects of long-term tent living including downsizing, finding land, staying comfortable throughout the seasons, and living without electricity and plumbing. You'll learn how to build a tent platform and fashion a rain fly that keeps you high and dry. How to install a wood stove that keeps you warm in the winter. And how to set up a comfortable "tent bathroom" with a wash basin, water pot, dump sink, drywell and composting toilet. If you've ever thought about living in a tent, then this book is for you. Or maybe you like the idea of setting up a luxury tent as a guest cottage, or as a backyard getaway, or maybe as an art studio. If so, then this book will show you how to do it quickly and cheaply. Tent Living is also a memoir of the author's spiritual journey as he discovers the true meaning of simple living. How he adjusts to the hardships of tent living and eventually finds peace and contentment in the woods. But there are struggles along the way, too. Struggles with neighbors, struggles with county officials, and most importantly, struggles within himself. Living outside the norm can be difficult. But it can also open your eyes to the world around you, and help you find your place in it all.

[Tragedy of Titus Andronicus](#) William Shakespeare 1897

[Holistic Indoor Gardening](#) Daniel Dynan 2019-10-12 Holistic Indoor Gardening is a distillation of personal experience, research, and education from an Earthship insider's perspective into a practical and straightforward guide. Earthships are a form of autonomous and sustainable housing. There are six design principles to Earthship construction. The principles are building with natural and recycled materials, thermal/solar heating and cooling, solar and wind electricity, water harvesting, contained sewage treatment, and food production. Holistic Indoor Gardening is a long-overdue comprehensive look into the last design principle of food production. Since the inception of Earthship educational programs, students have been calling out for a definitive manual on this topic. This book applies to far more than just Earthship structures and illuminates a unique method of indoor gardening inspired by years spent working in Earthship greenhouses. Whether you struggle to keep houseplants alive or are a master gardener, this handbook will address every aspect needed to operate a clean, happy, and healthy indoor garden. The goal of this work is to equip better and serve the individuals who are seeking a simpler and more natural alternative to the destructive and complicated farming practices propagated today. The sincere intention for this book is that it will encourage, edify, and empower budding and seasoned gardeners on their walk closer with the Earth.

The Merchant of Venice William Shakespeare 2003-05-01 The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.

Let's Not Do That Again Grant Ginder 2022-04-05 "Hilarious, suspenseful, and whip smart." -Cynthia D'Aprix Sweeney Meet the Harrisons! A mother running for Senate, a son running from his problems, and a daughter running straight into trouble... From Grant Ginder, the author of *The People We Hate at the Wedding*, comes a poignant, funny, and slyly beguiling novel which proves that, like democracy, family is a messy and fragile thing—perfect for fans of Veep’s biting humor, the family drama of *Succession*, and the joys of Kevin Wilson’s *Nothing to See Here*. Nancy Harrison is running for Senate, and she’s going to win, goddamnit. Not that that’s her slogan, although it could be. She’s said all the right things. Passed all the right legislation. Chapped her lips kissing babies. There’s just one problem: her grown children. Greta and Nick Harrison are adrift. Nick is floundering in his attempts to write a musical about the life of Joan Didion (called *Hello to All That!*). And then there’s his little sister Greta. Smart, pretty, and completely unmotivated, allowing her life to pass her by like the shoppers at the Apple store where she works. One morning the world wakes up not to Nancy making headlines, but her daughter, Greta. She’s in Paris. With extremist protestors. Throwing a bottle of champagne through a beloved bistro’s front window. In order to save her campaign, not to mention her daughter, Nancy and Nick must find Greta before it’s too late. Smart, funny, and surprisingly tender, *Let's Not Do That Again* shows that family, like politics, can hurt like a mother.

Radical Sabbatical Glen Tibaldeo 2013-05-01 Two cubicle convicts. One jungle village. A life without boundaries. In this real-life comedic memoir, Laura Berger and Glen Tibaldeo expose the blessings and ironic struggles of ditching their cut-throat corporate jobs for life in a tranquil jungle paradise. Following the spirit and encouragement of friends met on a desperately needed vacation two years earlier, they leave their Chicago home with eleven suitcases, two laptops, and two cats to land in Pair-o-Dice Village, the scene of their big life gamble. Surprisingly intense life changes immediately prompt a slew of rarely contemplated questions. Could you: Completely change your sources of happiness? Let a boa constrictor loose in your house to get rid of the bats? Drink mystery potions from a shaman? Brave cliff sides when you're deathly afraid of heights? Make friends with your pesky inner voice at all costs? Join a journey of laughter as Laura and Glen pick apart the foibles in all of us. Find yourself rooting for a couple in a life adventure, at the brink of losing everything they have to get everything they've ever wanted. From random wildlife dropping from the sky and battles with vipers to culture clashes and visits with shamans, *Radical Sabbatical* captures the thrills and realities of boldly following a dream in a story any thrill-seeker-armchair or roaming-will love.

Speak and Grow Rich Dottie Walters 2002-07-01 The "bible" of the professional speaking industry, including ideas on how to pick strong topics for speeches, guidelines for setting fees, how to book oneself, and more. Sample worksheets and agreements to customize are also included.

In Cold Blood Truman Capote 2013-02-19 Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great

dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

The Big Book of Words You Should Know David Olsen 2008-12-17 Do you know what "quatrefoil" and "impolitic" mean? What about "halcyon" or "narcolepsy"? This book is a handy, easy-to-read reference guide to the proper parlance for any situation. In this book you will find: Words You Absolutely Should Know (covert, exonerate, perimeter); Words You Should Know But Probably Don't (dour, incendiary, scintilla); Words Most People Don't Know (schlimazel, thaumaturgy, epergne); Words You Should Know to Sound Overeducated (ad infinitum, nugatory, garrulity); Words You Probably Shouldn't Know (priapic, damnatory, labia majora); and more. Whether writing an essay, studying for a test, or trying to impress friends, family, and fellow cocktail party guests with their prolixity, you will achieve magniloquence, ebullience, and flights of rhetorical brilliance.

Be a Hobbit, Save the Earth: Steve Bivans 2015-02-16 Do the crises in our world worry you? The pollution, the violence, the corruption, the apathy? Have you ever wished you could escape? Step through a mirror directly into Middle Earth? Steve Bivans, in his book, *Be a Hobbit, Save the Earth*, argues that we are already there. He examines the problems facing mankind and our planet today through the lens of Tolkien's world and the War of the Ring. The similarities are all around you, and the struggle is indeed very real. Middle Earth faced destruction at the hands of Sauron and Saruman; our world is under attack from the metaphorical Two Towers: Ignorance & Fear, and Poverty & Greed. Saruman-ic, Corporate Capitalism threatens to control and poison our agriculture, education systems, governments, and our common property—both real and cultural. Worst of all, our sense of humanity and hospitality is being sapped and despoiled. If left to continue unabated, the modern Saurons and Sarumans will devour the basic resources essential to our survival: the water, soil, and the very air we breathe. Our world has lost its 'Shireness.' *Be a Hobbit, Save the Earth* is a guide to bringing our 'Shireness' back, from the bottom up: one Hobbit, one home, and one Shire at a time. Steve Bivans draws positive lessons from Tolkien's works as a metaphorical map, a guide for reconnecting communities, and rebuilding them into sustainable, modern Shires. While our modern challenges seem complicated, nearly impossible, the solutions are really quite simple. The first step on that journey is a change of mind, a transformation from Modern Humans into Modern Hobbits. Only with this new way of thinking can we begin to clean up our scoured Shires: the damage done to our food supply, to our environment, to our communities, and to our political systems. Will that be easy? No, it will not. After all, realizing that the One Ring must be destroyed, was a simple concept, one that even a rustic Hobbit like Frodo Baggins could understand. Carrying it all the way to Mordor to accomplish the mission was another matter, so was cleaning up the Shire when he and his companions returned home. Such it is for us. The situation for our planet is dire; Mordor is at the door and the Black Riders are burning our Shires. What will YOU do? Will you destroy the Ring? Or will you hang on to your 'precioussss'? Do you have to move 'to the country' and live in a hole in the ground? Absolutely not. Moving isn't necessary. Instead, we need to bring Nature into our minds, and into those spaces we call home. We must change our story. We need to remember that we are PART of Nature, not Nature's masters. We need to return to harmony with Nature and with each other, to become what humans were destined to be, builders of gardens and Shires, as Hobbits, not Masters over creatures great and small. You can be a Hobbit, anywhere. Even in a condo in the middle of a city! So buy the book, read it, tell everyone you know about it, then *Be a Hobbit, and Save the Earth!*

The Financial Crisis Inquiry Report, Authorized Edition Financial Crisis Inquiry Commission 2011-01-27 Examines the causes of the financial crisis that began in 2008 and reveals the weaknesses found in financial regulation, excessive borrowing, and breaches in accountability.

The Popol Vuh Lewis Spence 1908

The Haunting of Hill House Shirley Jackson 2006-11-28 The greatest haunted house story ever written, the inspiration for a 10-part Netflix series directed by Mike Flanagan and starring Michiel Huisman, Carla Gugino, and Timothy Hutton First published in 1959, Shirley Jackson's *The Haunting of Hill House* has been hailed as a perfect work of unnerving terror. It is the story of four seekers who arrive at a notoriously unfriendly pile called Hill House: Dr. Montague, an occult scholar looking for solid evidence of a "haunting"; Theodora, his lighthearted assistant; Eleanor, a friendless, fragile young woman well acquainted with poltergeists; and Luke, the future heir of Hill House. At first, their stay seems destined to be merely a spooky encounter with inexplicable phenomena. But Hill House is gathering its powers—and soon it will choose one of them to make its own. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

White Space Is Not Your Enemy Kim Golombisky 2017-02-17 *White Space Is Not Your Enemy* is a practical graphic design and layout guide that introduces concepts and practices necessary for producing effective visual communication across a variety of formats—from web to print. Sections on Gestalt theory, color theory, and WET layout are expanded to offer more in-depth content on those topics. This new edition features new covering current trends in web design—mobile-first, UI/UX design, and web typography—and how they affect a designer's approach to a project. The entire book will receive an update using new examples and images that show a more diverse set of graphics that go beyond print and web and focus on tablet, mobile and advertising designs.

Tenth of December George Saunders 2013-01-03 WINNER OF THE 2014 FOLIO PRIZE AND SHORTLISTED FOR THE NATIONAL BOOK AWARD 2013 George Saunders's most wryly hilarious and disturbing collection yet, *Tenth of December* illuminates human experience and explores figures lost in a labyrinth of troubling preoccupations. A family member recollects a backyard pole dressed for all occasions; Jeff faces horrifying ultimatums and the prospect of Darkenfloxx™ in some unusual drug trials; and Al Roosten hides his own internal monologue behind a winning smile that he hopes will make him popular. With dark visions of the future riffing against ghosts of the past and the ever-settling present, this collection sings with astonishing charm and intensity.

The Sumerians Samuel Noah Kramer 2010-09-17 The Sumerians, the pragmatic and gifted people who preceded the Semites in the land first known as Sumer and later as Babylonia, created what was probably the first high civilization in the history of man, spanning the fifth to the second millenniums B.C. This book is an unparalleled compendium of what is known about them. Professor Kramer communicates his enthusiasm for his subject as he outlines the history of the Sumerian civilization and describes their cities, religion, literature, education, scientific achievements, social structure, and psychology. Finally, he considers the legacy of Sumer to the ancient and modern world. "There are few scholars in the world qualified to write such a book, and certainly Kramer is one of them. . . . One of the most valuable features of this book is the quantity of texts and fragments which are published for the first time in a form available to the general reader. For the layman the book provides a readable and up-to-date introduction to a most fascinating culture. For the specialist it presents a synthesis with which he may not agree but from which he will nonetheless derive stimulation."—*American Journal of Archaeology* "An uncontested authority on the

civilization of Sumer, Professor Kramer writes with grace and urbanity."—Library Journal

Blown to Bits Harold Abelson 2008 Every day, billions of photographs, news stories, songs, X-rays, TV shows, phone calls, and emails are being scattered around the world as sequences of zeroes and ones: bits. We can't escape this explosion of digital information and few of us want to—the benefits are too seductive. The technology has enabled unprecedented innovation, collaboration, entertainment, and democratic participation. But the same engineering marvels are shattering centuries-old assumptions about privacy, identity, free expression, and personal control as more and more details of our lives are captured as digital data. Can you control who sees all that personal information about you? Can email be truly confidential, when nothing seems to be private? Shouldn't the Internet be censored the way radio and TV are? Is it really a federal crime to download music? When you use Google or Yahoo! to search for something, how do they decide which sites to show you? Do you still have free speech in the digital world? Do you have a voice in shaping government or corporate policies about any of this? Blown to Bits offers provocative answers to these questions and tells intriguing real-life stories. This book is a wake-up call to The human consequences of the digital explosion.

Earthship Wizards Michael Reynolds 2014-09-05 "A Coming of Wizards" is about finding and moving toward our potential. And it is the thinking from which the whole earthship concept has evolved. Based on Michael Reynolds' experience with four wizards part one calls forth an appropriate state of mind from which to perceive the "Wizard Information." In part two and three Reynolds moves beyond the human condition toward reaching our potential. The Ebook version of this text has been broken up into three parts and for the first time we are able to offer 19 full color illustrations (illustrated by Michael Reynolds) included in part 1 of "A Coming of Wizards."

Memories, Dreams, Reflections C. G. Jung 2011-01-26 An eye-opening biography of one of the most influential psychiatrists of the modern age, drawing from his lectures, conversations, and own writings. In the spring of 1957, when he was eighty-one years old, Carl Gustav Jung undertook the telling of his life story. Memories, Dreams, Reflections is that book, composed of conversations with his colleague and friend Aniela Jaffé, as well as chapters written in his own hand, and other materials. Jung continued to work on the final stages of the manuscript until shortly before his death on June 6, 1961, making this a uniquely comprehensive reflection on a remarkable life. Fully corrected, this edition also includes Jung's VII Sermones ad Mortuos.

Folio 1873

The Summer of No Regrets Katherine Grace Bond 2012-05-01 This was the summer that would change my life. No more being what everyone expected. No more doing what everyone else wanted. So when Luke came into my life, I decided to keep him a secret. Maybe he as a dead-ringer for notorious Hollywood bad boy Trent Yves. And it was possible that everything he told me was a lie. And yes, I was probably asking for trouble. But all I saw was Luke—sweet, funny, caring—someone who would let me be the real me. But which was the real him?

Home Sweet Hole, Bonus Edition 2014-11-25 "In a hole in the ground there lived a Hobbit..." but Hobbits aren't the only ones with down-to-earth dreams. This folio of "feasible fantasy" floor plans gives you a fun-loving peek inside a dozen earth-sheltered dwellings in an imaginary borough of burrows—all drawn to scale as if the builder, himself, were offering an open house tour. Now with a bonus design!

Home Sweet Hole 2013-03-19 "In a hole in the ground there lived a Hobbit..." but Hobbits aren't the only ones with down-to-earth dreams. This folio of "feasible fantasy" floor plans gives you a fun-loving peek inside a dozen earth-bermed dwellings in an imaginary borough of burrows—all drawn to scale as if the builder, himself, were offering an open house tour. Please note: Though the sketches in this little book are drawn to scale, they are intended to be whimsical, NOT intended as construction drawings.

Martin Chuzzlewit Charles Dickens 1844

The Little White Horse Elizabeth Goudge 2020-04-17 'The Little White Horse was my favourite childhood book. I absolutely adored it. It had a cracking plot. It was scary and romantic in parts and had a feisty heroine.' - JK Rowling - The BooksellerWinner of the Carnegie Medal in 1946 and J.K. Rowling's favourite childhood book. This bestselling favourite fantasy classic is 'one of the most of the most magical stories in the world.' - The Independent. This is the story of a thirteen-year-old orphan, a Moon Princess, and a mysterious white horse. Maria Merryweather, a plain London orphan, is sent to Moonacre Manor to live with her only surviving relative, Sir Benjamin. Her initial sense of comfort starts to crumble when she learns an ancient mystery haunts Moonacre Manor and all who live in Moonacre Valley. With the help of her new friend Robin, can Maria right the wrongs of her ancestors and finally restore the peace to Moonacre Valley before it's too late? Beautiful, thrilling, and magical, The Little White Horse is a timeless classic.

Toast Nigel Slater 2005-10-06 Toast is Nigel Slater's truly extraordinary story of a childhood remembered through food. In each chapter, as he takes readers on a tour of the contents of his family's pantry—rice pudding, tinned ham, cream soda, mince pies, lemon drops, bourbon biscuits—we are transported... His mother was a chops-and-peas sort of cook, exasperated by the highs and lows of a temperamental stove, a finicky little son, and the asthma that was to prove fatal. His father was a honey-and-crumpets man with an unpredictable temper. When Nigel's widowed father takes on a housekeeper with social aspirations and a talent in the kitchen, the following years become a heartbreaking cooking contest for his father's affections. But as he slowly loses the battle, Nigel finds a new outlet for his culinary talents, and we witness the birth of what was to become a lifelong passion for food. Nigel's likes and dislikes, aversions and sweet-toothed weaknesses, form a fascinating backdrop to this exceptionally moving memoir of childhood, adolescence, and sexual awakening. A bestseller (more than 300,000 copies sold) and award-winner in the UK, Toast is sure to delight both foodies and memoir readers on this side of the pond—especially those who made such enormous successes of Ruth Reichl's Tender at the Bone and Anthony Bourdain's Kitchen Confidential.

King Lear William Shakespeare 2020-11-09T21:49:01Z King Lear is a tragedy by Shakespeare, written about 1605 or 1606. Shakespeare based it on the legendary King Lear of the Britons, whose story is outlined in Geoffrey of Monmouth's pseudohistorical History of the Kings of Britain (written in about 1136). The play tells the tale of the aged King Lear who is passing on the control of his kingdom to his three daughters. He asks each of them to express their love for him, and the first two, Goneril and Regan do so effusively, saying they love him above all things. But his youngest daughter, Cordelia, is compelled to be truthful and says that she must reserve some love for her future husband. Lear, enraged, cuts her off without any inheritance. The secondary plot deals with the machinations of Edmund, the bastard son of the Earl of Gloucester, who manages to convince his father that his legitimate son Edgar is plotting against him. After Lear steps down from power, he finds that his elder daughters have no real respect or love for him, and treat him and his followers as a nuisance. They allow the raging Lear to wander out into a storm, hoping to be rid of him, and conspire with Edmund to overthrow the Earl of Gloucester. The play is a moving study of the perils of old age and the true meaning of filial love. It ends tragically with the deaths of

both Cordelia and Lear—so tragically, in fact, that performances during the Restoration period sometimes substituted a happy ending. In modern times, though, King Lear is performed as written and generally regarded as one of Shakespeare's best plays. This Standard Ebooks edition is based on William George Clark and William Aldis Wright's 1887 Victoria edition, which is taken from the Globe edition. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Art Marketing 101 Constance Smith 2004 This user-friendly and up-to-date handbook takes new and professional artists through the basics of creating a successful business. Artists will learn how to couple their creativity with clever business sense to establish a lucrative art career. An at-a-glance layout makes information easily accessible and encourages artists to make notes, fill in the blanks, and use checklists, featuring: New to this edition: Internet marketing advice; Innovative marketing ideas for the new millennium; A resource section in the back of the book; In addition to these effective offerings: Alternative avenues for selling art; Tricks to succeeding without a rep; How to build positive name recognition through marketing and publicity tactics; Sound advice on legal issues, such as licensing, copyrights and contracts; Guidelines for preparing a marketing and business plan; What's more, readers will find dozens of helpful tips, contact information, forms and research data to help them further their careers.

Fern Leaves from Fanny's Portfolio Fanny Fern 1853

The Secrets We Kept Lara Prescott 2019-09-03 NEW YORK TIMES BESTSELLER • A thrilling tale of secretaries turned spies, of love and duty, and of sacrifice—inspired by the true story of the CIA plot to infiltrate the hearts and minds of Soviet Russia, not with propaganda, but with the greatest love story of the twentieth century: Doctor Zhivago • A HELLO SUNSHINE x REESE WITHERSPOON BOOK CLUB PICK At the height of the Cold War, Irina, a young Russian-American secretary, is plucked from the CIA typing pool and given the assignment of a lifetime. Her mission: to help smuggle Doctor Zhivago into the USSR, where it is banned, and enable Boris Pasternak's magnum opus to make its way into print around the world. Mentoring Irina is the glamorous Sally Forrester: a seasoned spy who has honed her gift for deceit, using her magnetism and charm to pry secrets out of powerful men. Under Sally's tutelage, Irina learns how to invisibly ferry classified documents—and discovers deeply buried truths about herself. The Secrets We Kept combines a legendary literary love story—the decades-long affair between Pasternak and his mistress and muse, Olga Ivinskaya, who inspired Zhivago's heroine, Lara—with a narrative about two women empowered to lead lives of extraordinary intrigue and risk. Told with soaring emotional intensity and captivating historical detail, this is an unforgettable debut: a celebration of the powerful belief that a work of art can change the world.

The Earth-sheltered Solar Greenhouse Book Mike Oehler 2007 The Earth-Sheltered Solar Greenhouse Book is the first to promote the benefits of both passive solar energy and earth sheltering in greenhouse design. This combination results in greenhouses which need no additional heating. The captured sun's energy and that which is stored in the earth is enough for successful year round harvest. It takes you step by step through the construction of an inexpensive greenhouse which may be built with either newly purchased or salvaged building materials for pennies on the dollar. It explains the author's unique Post/Shoring/Polyethylene construction methods and design techniques. The Earth-Sheltered Solar Greenhouse Book has 230 pages with nearly 200 illustrations, photos, diagrams, lists, charts and drawings. It contains all the information you need to free you from the pesticide, herbicide, fungicide, waxed, and E-coli laden, genetically modified and irradiated supermarket produce.

Slowness Milan Kundera 1997-04-11 Milan Kundera's lightest novel, a divertimento, an opera buffa, Slowness is also the first of this author's fictional works to have been written in French. Disconcerted and enchanted, the reader follows the narrator of Slowness through a midsummer's night in which two tales of seduction, separated by more than two hundred years, interweave and oscillate between the sublime and the comic. Underlying this libertine fantasy is a profound meditation on contemporary life: about the secret bond between slowness and memory, about the connection between our era's desire to forget and the way we have given ourselves over to the demon of speed. And about "dancers" possessed by the passion to be seen, for whom life is merely a perpetual show emptied of every intimacy and every joy.

The 1960s Home Paul Evans 2011-08-20 The 1960s witnessed a sustained period of economic growth, consumer spending and stable employment. This hitherto unknown prosperity enabled a market growth in levels of owner occupation and a subsequent boom in the sale of household furnishings and luxury goods. The 1960s Home looks at the styles and fashions in domestic housing and interiors between 1960 and 1970. Although this period has received increasing attention in recent years, much of it has been concentrated on progressive and exclusive design rather than on the furniture and furnishing of the 'average' home.

The Art of South and Southeast Asia Steven Kossak 2001 Presents works of art selected from the South and Southeast Asian and Islamic collection of The Metropolitan Museum of Art, lessons plans, and classroom activities.

Young Mungo Douglas Stuart 2022-04-05 A story of queer love and working-class families, Young Mungo is the brilliant second novel from the Booker Prize-winning author of Shuggie Bain Douglas Stuart's first novel Shuggie Bain, winner of the 2020 Booker Prize, is one of the most successful literary debuts of the century so far. Published or forthcoming in forty territories, it has sold more than one million copies worldwide. Now Stuart returns with Young Mungo, his extraordinary second novel. Both a page-turner and literary tour de force, it is a vivid portrayal of working-class life and a deeply moving and highly suspenseful story of the dangerous first love of two young men. Growing up in a housing estate in Glasgow, Mungo and James are born under different stars—Mungo a Protestant and James a Catholic—and they should be sworn enemies if they're to be seen as men at all. Yet against all odds, they become best friends as they find a sanctuary in the pigeon dovecote that James has built for his prize racing birds. As they fall in love, they dream of finding somewhere they belong, while Mungo works hard to hide his true self from all those around him, especially from his big brother Hamish, a local gang leader with a brutal reputation to uphold. And when several months later Mungo's mother sends him on a fishing trip to a loch in Western Scotland with two strange men whose drunken banter belies murky pasts, he will need to summon all his inner strength and courage to try to get back to a place of safety, a place where he and James might still have a future. Imbuing the everyday world of its characters with rich lyricism and giving full voice to people rarely acknowledged in the literary world, Young Mungo is a gripping and revealing story about the bounds of masculinity, the divisions of sectarianism, the violence faced by many queer people, and the dangers of loving someone too much.

Dome Living for the 21st Century Valentine 2018-09-18 Domes have been around for thousands of years and were long the accepted configuration before we used the current square or rectangular structure. Now we need to reconsider what we live in with more powerful weather scenarios like 150 plus mph hurricane winds, tsunamis, tornadoes and earthquakes. The dome structure and especially the dodecahedron one can withstand these scenarios. Other benefits of Dome Living is low annual maintenance with no soffits or gutters! With the popularity of "open space," domes offer the best floor plan! They are also perfect for what is called Barrier Free Living, which is becoming more important for physically challenged Baby Boomers. Only doors one has to consider in a Dome are the front and back ones, which should be 36 inches wide for easy wheelchair access. But there are other "mine fields" one needs to consider in their home and what to do about them whether you live in a dome or not. Heard of the ancient Chinese art Feng Shui? Domes are perfect for getting the full value of this proven art of design originally based on SURVIVAL and NOT magic red strings, mirrors and compass voodoo! You will be learning how to Feng Shui the dome's interior and landscaping. Of course, these principles apply to any structure.
