Law Dictionary Steven H. Gifis 2003-08 Defines and documents with citations more than three thousand legal terms applying to civil procedure, commercial and contract law, constitutional law, criminal law, property laws, and torts. *The Essential Law Dictionary* Amy Hackney Blackwell 2008 The Essential Law Dictionary is an essential up-to-date legal reference, containing over 3,000 entries explaining legal language that can often be hard to understand, even for lawyers. This book focuses on defining the terms that people today are most likely to encounter when dealing with the law. The definitions are clear, concise, and easy-to-understand. Whether you are a lawyer, a law student, or a layperson, this handy reference will help you understand the precise meaning of any legal term.

Dictionary of Legal Terms Steven H. Gifis 2008-05 Defines nearly three thousand legal terms, many with examples that illustrate the definitions, and includes a pronunciation guide.

The New Dictionary of Legal Terms Irving Shapiro 1984 Designed for practitioners, paralegals, legal secretaries, court officials, law

enforcement agents and law students in need of a quick and direct answer when seeking the meaning of a word. Includes federally approved criminal justice data terminology. *Canadian Law Dictionary* John A. Yogis 1998 This expanded and updated quick-reference source reflects recent changes in Canadian law. It provides a concise guide to legal citation, and information on relevant source materials, particularly cases and statutes. Barron's Canadian Law Dictionary defines the major legal terms, particularly those that have arisen in the context of new and developing areas of Canadian laws. The Canadian Charter of Rights and Freedoms is presented in its entirety. This latest revised edition provides valuable new material on the Canadian court system. Book jacket. **A Dictionary of Law** Jonathan Law 2015-01 This best-selling dictionary is an authoritative and comprehensive source of jargon-free legal information. It contains over 4,700 entries that clearly define the major terms, concepts, processes, and the organization of the English legal system. Entries have been fully updated for this edition to incorporate the latest legislation, including entries on foreign national

offenders, Police and Crime Commissioners, corporate manslaughter, and settlement agreements, and there is a useful Writing and Citation Guide that specifically addresses problems and established conventions for writing legal essays and reports. Now providing more information than ever before, this edition features recommended web links for many entries, which are accessed and kept up to date via the Dictionary of Law companion website. Described by leading university lecturers as, "the best law dictionary" and, "excellent for non-law students as well as law undergraduates", this classic dictionary is an invaluable source of legal reference for professionals, students, and anyone else needing succinct clarification of legal terms. Focusing primarily on English law, it also provides a one-stop source of information for any of the many countries that base their legal system on English law.

Bouvier's Law Dictionary and Concise Encyclopedia John Bouvier 1914

Gifis 2015-12-11 Updated to include new terms and to incorporate recent changes in laws and judicial interpretations, this handy dictionary: Contains over 2500 legal terms defined in clear, easy to understand English Translates "legalese" for the layperson Includes hundreds of examples to illustrate the definitions Is an ideal book for quick reference or to learn more about the law: Non-lawyers will appreciate the way this book cuts through the complexities of legal jargon and presents definitions and explanations that are easily understood and referenced. The terms are arranged alphabetically and given with definitions and explanations for consumers, business proprietors, legal beneficiaries, investors,

property owners, litigants, and all others who have dealings with the law. Find definitions on everything from Abandonment and Abatable Nuisance, all the way through to Zoning.

Plain English for Lawyers Richard C. Wydick 2019

Translators Law Dictionary Eric Engle
This work presents the basic legal terminology used in the English language with equivalent terms from German, principally, and French secondarily: that is because the French term is often some cognate to English. The dictionary includes definitions in English for most, not all terms because sometimes a simple synonym suffices or the concept is obvious on sight to someone with at least the training of a paralegal. Latin and Italian terms are also occasionally represented as well. The Translator's Law Dictionary is useful to legal translators, comparative lawyers, and internationally active law firms as well as scholars of comparative and international law. While no multilingual law dictionary authored by one person in one lifetime could ever hope to be complete, this dictionary tries to present all the basics in current legal usage in the English language and equivalent concepts and terms from German and French. This dictionary has focused on the procedural and substantive facts of law, the indispensable structural framework to any deeper discussion of the law. As well as the basics of law, this law has tried to present the essentials of commercial law: contracts, torts, corporations, and taxation. Obscure and ancient legal concepts and esoteric theoretical concepts are not discussed here, for such are rarely, if ever, used in practice. Rather, this works presents a well rounded, and reasonably complete exposition of the basic

legal terminology of the world's greatest legal systems as part of the construction of the globalization of the rule of law. Thus, while practical and focused, the work also has some hopeful utility for visionaries, enabling jurists to anchor their concepts into new legal systems they will discover in the pages of this work.

Louisiana Civil Law Dictionary

Gregory W. Rome 2011-07-15 With obscure terms like 'emphyteusis' and 'jactitation,' the language of Louisianais civil law can sometimes be confusing for students and even for seasoned practitioners. But the 'Louisiana Civil Law Dictionary' can help. It defines every word and phrase contained in the index to the Louisiana Civil Code, plus many more--in clear and concise language--and provides current citations to the relevant statutes, code articles, and cases. Whether you are a student, researcher, lawyer, or judge, if you deal with Louisiana and its laws, this volume will prove indispensable. It is also a valuable resource for notaries and paralegal assistants. No doubt common law practitioners in other states, too, will find ready uses for a dictionary that translates civil law terminology into familiar concepts; they will know how 'naked ownership' is different from 'usufruct.' And since the civil law dominates the world's legal systems, this book will find a home with libraries and scholars the world over, anywhere there is a need to compare civil law terms with those of the common law. Quality ebook formatting from Quid Pro Books features active contents, linked notes and URLs, and hundreds of linked cross-references for ready association of related topics. Print editions are available of this valuable resource, yet the ebook format is not just a textual

replication of the print book or a PDF; instead, the ebook is carefully designed to take full advantage of the digital ereader's optimal arrangements and hyperlinking. "Rome and Kinsella have done a huge service to legal scholarship by assembling the 'Louisiana Civil Law Dictionary' -- a splendid resource for those seeking to understand the rich vocabulary of Louisiana law." --Bryan A. Garner, President, LawProse, Inc.; and Editor in Chief, 'Black's Law Dictionary'

Oklahoma Legal Research Darin K. Fox 2013 Oklahoma Legal Research is the first book focused exclusively on how to research Oklahoma law. Oklahoma Legal Research examines resources and research methods for all types of Oklahoma primary law, secondary law, and practice materials; with chapters on researching Oklahoma statutory, regulatory, and case law. The book also includes a chapter on researching tribal law for Native American tribes located in Oklahoma; discusses how to do historical statutory research to locate the increasingly available legislative history materials for Oklahoma statutes; and covers resources and methods in both print and online formats, with visuals included to assist the researcher. This text has been written for legal researchers of various levels of experience and training. For those just learning the intricacies of legal research, it explains the basic processes and introduces the novice to the most important sources of Oklahoma and Native American tribal law. It also briefly discusses analogous materials in federal law, so that the less experienced researcher can better see the parallels between state and federal research. Experienced researchers will also benefit from having a text that brings together both print and online sources of

Oklahoma law and that will assist them in determining which of those sources are better suited to accomplishing a particular research task. This book is part of the Legal Research Series, edited by Suzanne E. Rowe, Director of Legal Research and Writing, University of Oregon School of Law.

New Insights into the Semantics of Legal Concepts and the Legal

Dictionary Martina Bajčić 2017-04-12 This book focuses on legal concepts from the dual perspective of law and terminology. While legal concepts frame legal knowledge and take center stage in law, the discipline of terminology has traditionally been about concept description. Exploring topics common to both disciplines such as meaning, conceptualization and specialized knowledge transfer, the book gives a state-of-the-art account of legal interpretation, legal translation and legal lexicography with special emphasis on EU law. The special give-and-take of law and terminology is illuminated by real-life legal cases which demystify the ways courts do things with concepts. This original approach to the semantics of legal concepts is then incorporated into the making of a legal dictionary, thus filling a gap in the theory and practice of legal lexicography. With its rich repertoire of examples of legal terms in different languages, the book provides a blend of theory and practice, making it a valuable resource not only for scholars of law, language and lexicography but also for legal translators and students.

Prince's Dictionary of Legal

Citations, 8th Edition Mary Miles Prince Assists the legal profession in citing legal authorities according to the rules given in The Bluebook: A Uniform System of Citation, 19th ed. (2010). This title is a companion to

The Bluebook, not a replacement and applies Bluebook rules to a representative collection of common legal authorities. The citations included are based on Bluebook rules, and the abbreviations are those found in The Bluebook or derived from its guidelines. Enhancements to this edition include: revised and expanded treatment for citing Internet and electronic media; additional examples for citing federal administrative and executive materials; updated references to state court case citation rules, with examples; expanded treatment for citing state session law services; more examples for citing international sources; and expanded treatment of public domain citations.
