The cover of the book

To Be Taught, If Fortunate
Becky Chambers 2019-08-08
In the future, instead of terraforming planets to sustain human life, explorers of the galaxy transform themselves. *FROM THE SUNDAY TIMES BESTSELLING AUTHOR* 'Extraordinary . . . A future masterwork' Joanne Harris
At the turn of the twenty-second century, scientists make a breakthrough in human spaceflight. Through a revolutionary method known as somaforming, astronauts can survive in hostile environments off Earth using synthetic biological supplementations. They can produce antifreeze in sub-zero temperatures, absorb radiation and convert it for food, and conveniently adjust to the pull of different gravitational forces. With the fragility of the body no longer a limiting factor, human beings are at last able to explore neighbouring exoplanets long suspected to harbour life. Ariadne is one such explorer. On a mission to ecologically survey four habitable worlds fifteen light-years from Earth, she and her fellow crewmates sleep while in transit, and wake each time with different features. But as they shift through both form and time, life back on Earth has also changed. Faced with the possibility of returning to a planet that has forgotten those who have left, Ariadne begins to chronicle the wonders and dangers of her journey, in the hope that someone back home might still be listening. PRAISE FOR THE WAYFARERS 'Becky Chambers is a wonder, and I feel better for having her books in my life' JOHN CONNOLLY 'In a word, brilliant' ANDREW CALDECOTT 'A short but fierce ode to humanity and all our reaches and flaws. Unputdownable' NATASHA NGAN 'Outstanding . . . Chambers packs an immense amount of story into a novella worthy of full-length praise' PUBLISHERS WEEKLY, Starred Review 'Becky Chambers takes space opera in a whole new and unexpected direction' BEN AARONOVITCH **The Infernal Machine, and Other Plays**
Jean Cocteau 1964

Rosewater
Tade Thompson 2017-12-05
Tade Thompson's Rosewater is the start of an award-winning, cutting edge trilogy set in Nigeria, by one of science fiction's most engaging new voices. *Arthur C. Clarke Award for Best Science Fiction Novel, winner*Nommo Award for Best Speculative Fiction Novel, winner
Rosewater is a town on the edge. A community formed around the edges of a mysterious alien biodome, its residents comprise the hopeful, the hungry and the helpless - people eager for a glimpse inside the dome or a taste of its rumored healing powers. Kaaro is a government agent with a criminal past. He has seen inside the biodome, and doesn't care to again -- but when something begins killing off others like himself, Kaaro must defy his masters to search for an answer, facing his dark history and coming to a realization about a horrifying future.

Wild Animus
Rich Shapero 2004-09-01
How far would you go to find yourself?
Wild Animus tracks the reckless quest of Ransom Altman, a young Berkeley graduate who–roused by his literary heroes and love for his girlfriend, Lindy–resolves to live in a new world of “inexhaustible desire.” Ransom’s deepening identification with the wild mountain ram, whose passion and wisdom he seeks, drives the young lovers north–first to Seattle, then to the remote Alaskan wilderness. Alone on the unforgiving ridges of Mt. Wrangell, his imagination increasingly unhinged, Ransom begins to devise and act out a dangerous animal mythos, which he documents in a first-person manuscript, and in songs or “chants” that detail his transformation and pursuit by a pack of strangely familiar wolves. The feverish hunt leads from the wilds to civilization and back again. And when the lovers return to brave the perilous mountain together, the truth behind Ransom’s imagined transformation emerges. What they discover in those frozen heights threatens their love as well as their sanity and their lives. Is Ransom inspired by a transcendent truth, or prey to a misguided fantasy? As his grip on reality weakens, the reader shares Ransom’s fears, his hopes, and his extraordinary discoveries.
Wild Animus, Shapero’s debut novel, is a search for the primordial and a journey to the breaking point. It is a story of love and surrender, of monomania-of striving, at all costs, for a bliss beyond fear.

La Voix de la terre

The Girl Next Door
Patricia MacDonald 2010-05-11
Patricia MacDonald has won a worldwide audience of readers with her page-turning novels of domestic suspense that twist and turn with surprises. Now she presents a riveting thriller about a young woman who finds her life threatened when she returns to her picture-perfect suburban hometown where a brutal crime shattered her family when she was a teenager. The affluent town of Hoffman, New Jersey reeled in disbelief when highly esteemed physician Duncan Avery stabbed his wife Marsha to death one spring evening. The two Avery sons turned their backs on their father but his daughter Nina never stopped believing in his innocence. Now, fifteen years later, Nina, a struggling actress in New York City, returns to Hoffman when her father is paroled and insists on re-settling there. Not only does Dr. Avery want to repair his relationships with his sons and meet his grandchildren, he claims he wants to find out who killed his wife. But neither Nina's brother Patrick, a successful investment banker with a wife and twin sons, nor Jimmy, a recovering drug addict who has adopted a new family, can bear to acknowledge their father's return. Then, as suddenly as before, another act of violence overturns the Averys' lives. No longer certain if she can trust her family, her neighbors, or her old friends, Nina finds she can rely only on herself and a surprising new ally in her life as she searches for the truth behind crimes past and present. If she digs deep-down into the secrets of her family's and her neighbors' lives she stands a chance of catching a killer before she becomes his next victim. With psychologically perceptive characterizations, emotional realism, and a gripping story line, The Girl Next Door exposes the dark impulses and fierce passions that can rule seemingly ordinary people and showcases Patricia MacDonald at the height of her celebrated powers.

Le Papillon des étoiles
Bernard Werber 2010-05-26
« Cette planète est notre berceau mais nous l'avons saccagée. Nous ne pourrions plus jamais la soigner ni la retrouver comme avant. Quand la maison s'effondre, il faut partir. Recommencer tout, ailleurs et autrement. Le Dernier Espoir, c'est la Fuite. »
Who Ate Up All the Shinga?
Wan-suh Park 2009-07-15
Park Wan-suh is a best-selling and award-winning writer whose work has been widely translated and published throughout the world. Who Ate Up all the Shinga? is an extraordinary account of her experiences growing up during the Japanese occupation of Korea and the Korean War, a time of great oppression, deprivation, and social and political instability. Park Wan-suh was born in 1931 in a small village near Kaesong, a protected hamlet of no more than twenty families. Park was raised believing that “no matter how many hills and brooks you crossed, the whole world was Korea and everyone in it was Korean.” But then the tendrils of the Japanese occupation, which had already worked their way through much of Korean society before her birth, began to encroach on Park's idyll, complicating her day-to-day life. With acerbic wit and brilliant insight, Park describes the characters and events that came to shape her young life, portraying the pervasive ways in which collaboration, assimilation, and resistance intertwined within the Korean social fabric before the outbreak of war. Most absorbing is Park's portrait of her mother, a sharp and resourceful widow who both resisted and conformed to stricture, becoming an enigmatic role model for her struggling daughter. Balancing period detail with universal themes, Park weaves a captivating tale that charms, moves, and wholly engrosses.

Bernard Pepperlin
Cara Hoffman 2019-09-17
“Bernard and his newfound friends–revolutionary rats, wise-cracking cats, and coffee-chugging squirrels, to name a few–will delight and inspire readers of all ages!” –Erin Entrada Kelly, Newbery Medal-winning author of Hello, Universe
The drowsy Dormouse from Lewis Carroll’s Alice’s Adventures in Wonderland is transported to modern-day New York City for the adventure of a lifetime in this middle grade novel that’s perfect for fans of Stuart Little and written by critically acclaimed author Cara Hoffman. When a girl in a blue dress crashes the Mad Hatter’s eternal tea party, the sleepy Dormouse feels more awake than he has in a long time. He wishes he could follow her and be a part of her adventure. And as luck would have it, a surprising twist of fate sends the Dormouse on an adventure of his own, where he must not fall asleep. For he is destined to save a magical world outside Wonderland, and it will take all his courage–and a few new friends–to do it.
Rotherweird
Andrew Caldecott 2019-07-30
“Baroque, Byzantine and beautiful--not to mention bold. An enthralling puzzle picture of a book” --M. R. Carey, author of the best-selling The Girl With All the Gifts
“Compelling... the love child of Gormenghast and Hogwarts.” --The Guardian 1558: Twelve children, gifted far beyond their years, are banished by their Tudor queen to the town of Rotherweird. Some say they are the Golden Generation; some say the devil’s spawn. But everyone knows they are to be revered-- and feared. Four and a half centuries later, cast adrift from the rest of England by Elizabeth I and still bound by its ancient laws, Rotherweird's independence is subject to one disturbing condition: no one, but no one studies the town or its history. Then an Outsider arrives, a man of unparalleled wealth and power, enough to buy the whole of Rotherweird--deeply buried secrets and all...

Hector and the Search for Lost Time
Francois LeLord 2012-07-31
The delightful third book in the multimillion-copy internationally bestselling series Being up against the clock was a real problem for so many people, thought Hector. What could he possibly do to help them? First he tackled happiness. Then he took on love. And now Hector, our endearing young French psychiatrist, confronts the persistent march of time. His patients lament that there is not enough time in the day. Or they feel that life is passing them by. And in one case, a young boy turns the problem on its head: He’s impatient to grow up! Hector himself is increasingly aware of time: He doesn’t feel quite so young anymore, and the clock is ticking on his relationship with his beloved Clara. So as time flies, so does our wise and winsome hero in his latest adventure, traveling around the world to understand the past, the future, and how best to enjoy the present.

Out of Sorts

Jesse James 2020-03-20
This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

The Carpet Makers
Andreas Eschbäch 2013-07-30
Since the time of pre-history, carpetmakers tie intricate knots to form carpets for the court of the Emperor. These carpets are made from the hairs of wives and daughters; they are so detailed and fragile that each carpetmaker finishes only one single carpet in his entire lifetime. This art descends from father to son, since the beginning of time itself. But one day the empire of the God Emperor vanishes, and strangers begin to arrive from the stars to follow the trace of the hair carpets. What these strangers discover is beyond all belief, more than anything they could have ever imagined... Brought to the attention of Tor Books by Orson Scott Card, this edition of The Carpet Makers contains a special introduction by Orson Scott Card. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Emperor, C'est Moi
Hugo Horiot 2015-04-28
Hugo Horiot is in love with wheels and all that cranks or turns. He is obsessed with the otherworldly language of pipes—they run, he imagines, from his family home to the center of the earth. He causes endless trouble at home and hates school. He muses: “I dream asleep, I dream awake”—but he dreams so hard he shuts out the world with reveries that are not just curious but dangerous and painful too. School is a prison he must escape, his teachers oppressors, and his classmates “a band of jolly torturers.” This is the portrait of a boy who might happen to suffer from autism, but who is also a beautiful rebel inspired to blaze his own path through childhood to find an enduring sense of personal freedom.

Gwendy's Final Task
Stephen King 2022-05-31
The final book in the New York Times bestselling Gwendy’s Button Box trilogy from Stephen King and Richard Chizmar. When Gwendy Peterson was twelve, a mysterious stranger named Richard Farris gave her a mysterious box for safekeeping. It offered treats and vintage coins, but it was dangerous. Pushing any of its seven colored buttons promised death and destruction. Years later, the button box entered Gwendy’s life again. A successful novelist and a rising political star, she was once again forced to deal with the temptation that box represented. Now, evil forces seek to possess the button box and it is up to Senator Gwendy Peterson to keep it from them at all costs. But where can you hide something from such powerful entities? In Gwendy’s Final Task, “horror giants” (Publishers Weekly)

le-papillon-des-etoiles-bernard-werber

Blue Britta Teckentrup 2020-04-02

Stephen King and Richard Chizmar take us on a journey from Castle Rock to another famous cursed Maine city to the MF-1 space station, where Gwendy must execute a secret mission to save the world. And, maybe, all worlds.
Blue Britta
Teckentrup 2020-04-02
A beautiful story about sadness, depression and hope. Blue lives in the darkest depths of the forest. He has long forgotten how to fly, sing and play. The other birds swoop and soar in the sky above him, the sun warming their feathers. But Blue never joins in. Until, one day, Yellow arrives. Step by step, Yellow reaches out to Blue. With patience and kindness. And little by little, everything changes... A thoughtful and uplifting story. Perfect for helping children learn how to deal with and understand sadness, and how to be there for people in their lives struggling with depression.
Marriage Indécent
Crystal Kaswell 2021-05-04

This Is Your Life
John O'Farrell 2007-12-01
 “[A] satire of celebrity culture and the numbing effects of fame” by the international bestselling comedy writer and author of Things Can Only Get Better (Publishers Weekly). It’s a big night at the London Palladium. Jimmy Conway is about to perform his stand-up comedy routine in front of two thousand invited guests and millions more watching the event live on TV. He steps into the spotlights and waits for the applause to die down. He tries to appear confident but he can’t help wondering whether he should have shared his little secret with someone by now. Jimmy has never performed comedy, or anything, before. Ever. How did he get here? After convincing a naïve journalist that he is the latest comedy phenomenon, the under-achieving Jimmy bluffs and stumbles his way up the celebrity ladder, discovering as he goes that in their desperation to be associated with the next big thing, nobody has bothered to check his credentials. Quicker than you can say “flavor of the month,” Jimmy Conway becomes a bogus celebrity, winning an award for something he never did, and ultimately fooling the entire celebrity industry. “A wicked farce.” –Daily Express

Empire Of The Ants
Bernard Werber 2012-12-31
Ants came to this planet long before man. Since then they have developed one of the most intricate civilizations imaginable – a civilization of great richness and technological brilliance. During the few seconds it takes you to read this sentence, some 700 million ants will be born on earth... Edmond Wells had studied ants for years: he knew of the power which existed in their hidden world. On his death, he leaves his apartment to his nephew Jonathan with one proviso: that he must not descend beyond the cellar door. But when the family’s dog escapes down the cellar steps, Jonathan has little alternative but to follow. Innocently he enters the world of the ant, whose struggle for existence forces him to reassess man’s place in the cycle of nature. It is an experience that will alter his life for ever... Empire of the Ants is an extraordinary achievement. It takes you inside the ants’ universe and reveals it to be a highly organised world, as complex and relentless as human society and even more brutal.

Troisième humanité
Bernard Werber 2012-10-03
Nous sommes à l'ère de la deuxième humanité. Il y en a eu une avant. Il y en aura une... après. En Antarctique, le paléontologue Charles Wells et son expédition découvrent, tout au fond d'un lac souterrain, les restes de squelettes humains d'environ 17 mètres de long. A Paris, le projet d'étude de son fils David sur le rapetissement humain est sélectionné par un tout nouveau programme de recherches, consacré à « l'évolution de notre espèce ». Wells père a retrouvé l'ancienne humanité, Wells fils entrevoit la prochaine humanité, mais ils sont loin encore de savoir la vérité. C'est grâce au soutien et à la passion amoureuse d'une femme, Aurore Kammerer, spécialiste dans la connaissance des Amazones, que sera révélé le plus surprenant des secrets et réalisée la plus folle des expériences, modifiant à jamais l'avenir des générations futures.

Antan D'enfance
Patrick Chamoiseau 1999-01-01
Using the playful, orally inspired, and partially invented language for which he is renowned, Patrick Chamoiseau recalls the brilliant, magical universe of his early childhood in Martinique. At the center of this universe is his extraordinarily vigorous mother and her creative, pragmatic ways of coping with poverty and five children. As Chamoiseau presents these first impressions of an exceptional child growing up in a rich Creole culture, he also reflects in oblique but incisive ways on colonialism. He probes the boundary between reality and imagination, between the child?s awakening understanding and the adult?s memory of those earlier days.

Truth is Concrete
Florian Malzacher 2014 X93;Truth is concrete” collects 100 strategies by artists, activists and theorists, mapping the broad field of engaged art and artistic activism today. Additional essays focus on the philosophy, structures and modalities behind the many fights to make this world a better place.

Asterios Polyp
David Mazzucchelli 2009
Asterios Polyp, its arrogant, prickly protagonist, is an award-winning architect who's never built an actual building, and a pedant in the midst of a spiritual crisis. After the structure of his own life falls apart, he runs away to try to rebuild it into something new.

The Science of Anime
Lois H. Gresh 2005
An upbeat exploration of the science behind the popular Japanese animation form considers how many of today's popular films and television series follow themes of the impact of advanced technology on the human race, in an account that profiles such works as Akira and Ghost in the Shell. Original.

Candlemoth
R.J. Ellory 2014-04-29
Daniel Ford and Nathan Verney were six years old when they first met by a South Carolina lake and became best friends against all odds–Daniel was white, and Nathan was black. Thirty years later, Daniel is convicted of Nathan’s murder, and he now faces the long, lonely walk to the electric chair. With time running out until his execution, Daniel tells a sympathetic priest his story, sweeping through first loves, Vietnam, and, finally, the pair’s flight from the draft, which ended in Nathan’s brutal murder. A powerful vision of the American South in an age of upheaval, Candlemoth is a stunning suspense novel–and an unforgettable tale of lost friendship.

Will You Ever Change?
Aurelie Valognes 2017-06-13
Charming, quirky, and funny, this oh-so-relatable novel from the bestselling author of Out of Sorts shines a light on the always-complicated je ne sais quoi of every family’s relationship. As Martine and Jacques Le Guennec prepare for their annual family Christmas dinner, Martine reminds her husband to be on his best behavior. Their son Nicolas is bringing his girlfriend, Jeanne, to their home for the first time, and she doesn’t want Jacques to scare this one off. Jacques has always ruled his roost with patriarchal bravado, and he can’t help but verbally antagonize everyone–especially the wives of his sons. Jeanne, a strong-willed woman who grew up without a father, clashes with the curmudgeon, and she worries that her boyfriend might be too much like his father. It’s all starting to make Martine question everything about her relationship with her husband. And, though she makes that perfectly clear to him, the old dog is not anxious to learn new tricks. When Jeanne saves Jacques’s life, he begins to realize it may be time to change his ways if he wants to hold on to his wife and keep the family close. But is it too late?

Victory Over the Darkness
Neil T. Anderson 2000-07-10
Ten years ago a breakthrough book launched a ministry that has helped more than one million people overcome this world and win the battle for their hearts and minds. Now Neil Anderson has revised and expanded Victory over the Darkness for a new generation of readers, outlining practical and more productive ways to Christian growth based on Christ’s promise, You will know the truth, and the truth will make you free. Victory Over the Darkness emphasizes the importance of believing and internalizing the cardinal truths of Scripture as a base from which to renew the mind and fend off the attempts of Satan to convince us that we are less than Christ empowers us to be.

The Power Twins
Ken Follett 1976
Uncle Grigorian, who turns out to be an alien, takes the Price twins and their cousin Tubs to the capital of the Galactic Empire, where they serve as unbiased arbitrators in the Worm War.
 Livres hebdo 2008
Orphans of the Sky
Robert Anson Heinlein 2001
Ancient myths told of a place called Earth, but the modern world knew it was nonsense. Science knew the Ship was all the Universe, and as long as the sacred Converter was fed, lights would glow and air would flow through the miles of metal corridors. Hugh never questioned these truths until a despised mutie showed him the Control Room and he learned the true nature of the Ship and its mission.

Le papillon des étoiles
Bernard Werber 2008
Le plus beau des rêves : Bâtit ailleurs une nouvelle humanité qui ne fasse plus les mêmes erreurs. Le plus beau des projets : Construire un vaisseau spatial de 32 km de long propulsé par la lumière et capable de faire voyager cette humanité pendant plus de 1000 ans dans les étoiles. La plus folle des ambitions : Réunir des pionniers idéalistes qui arrivent enfin à vivre ensemble en harmonie. Et au final la plus grande des surprises...
Into the Forest
Jean Hegland 2009-12-23
NOW A MAJOR MOTION PICTURE • Set in the near-future, Into the Forest is a powerfully imagined novel that focuses on the relationship between two teenage sisters living alone in their Northern California forest home. Over 30 miles from the nearest town, and several miles away from their nearest neighbor, Nell and Eva struggle to survive as society begins to decay and collapse around them. No single event precedes society's fall. There is talk of a war overseas and upheaval in Congress, but it still comes as a shock when the electricity runs out and gas is nowhere to be found. The sisters consume the resources left in the house, waiting for the power to return. Their arrival into adulthood, however, forces them to reexamine their place in the world and their relationship to the land and each other. Reminiscent of Margaret Atwood’s A Handmaid’s Tale, Into the Forest is a mesmerizing and thought-provoking novel of hope and despair set in a frighteningly plausible near-future America. Praise for Into the Forest “[A] beautifully written and often profoundly moving novel.”–San Francisco Chronicle “A work of extraordinary power, insight and lyricism, Into the Forest is both an urgent warning and a passionate celebration of life and love.”–Riane Eisler, author of The Chalice and the Blade “From the first page, the sense of crisis and the lucid, honest voice of the . . . narrator pull the reader in. . . . A truly admirable addition to a genre defined by the very high standards of George Orwell’s 1984.”–Publishers Weekly (starred review) “Beautifully written.”–Kirkus Reviews “This beautifully written story captures the essential nature of the sister bond: the fierce struggle to be true to one’s own self, only to learn that true strength comes from what they are able to share together.”–Carol Saline, co-author of Sisters “Jean Hegland’s sense of character is firm, warm, and wise. . . . [A] fine first novel.”–John Keeble, author of Yellowfish

Estimation and Analysis of Insect Populations
Lyman L. McDonald 2012-12-06
The papers in this volume were presented at a symposium/workshop on "The Estimation and Analysis of Insect Populations" that was held at the University of Wyoming, Laramie, in January, 1988. The meeting was organized with financial support from the United States - New Zealand Cooperative Science Program and the University of Wyoming. The purpose was to bring together approximately equal numbers of quantitative biologists and biometricians in order to (1) provide a synthesis and evaluation of currently available methods for modeling and estimating parameters of insect population, and to (2) stimulate research into new methods where this is appropriate. The symposium/workshop attracted 46 participants. There were 35 papers presented in four subject areas: analysis of stage-frequency data, modeling of population dynamics, analysis of spatial data, and general sampling and estimation methods. New results were presented in all these areas. All except one of the papers is included in the present volume.

The Novel
James A. Michener 2015-08-11
In this riveting, ambitious novel from James A. Michener, the renowned chronicler of epic history turns his extraordinary imagination to a world he knew better than anyone: the world of books. Lukas Yoder, a novelist who has enjoyed a long, successful career, has finished what he believes to be his final work. Then a tragedy strikes in his community, and he becomes obsessed with writing about it. Meanwhile, Yoder’s editor fights to preserve her integrity–and her author–as her firm becomes the target of a corporate takeover; a local critic who teaches literature struggles with his ambitions and with his feelings about Yoder’s success; and a devoted reader holds the key to solving the mystery that haunts Yoder’s hometown. Praise for The Novel “Michener explores some of the deepest issues raised by narrative literature.”–The New York Times “A good, old-fashioned, sink-your-teeth-into-it story . . . The Novel lets us see an unfamiliar side of the author, at the same time portraying the delicate, complex relationship among editors, agents and writers.”–The Philadelphia Inquirer “Michener loves literature, and his information about some of his favorite reading is almost as alluring as his explanation of how to handle a manuscript.”–Associated Press “So absorbing you simply will not want [it] to

end.”—Charleston News & Courier

Home Herbal DK 2011-03-07 Tap into the healing power of plants with Home Herbal. The modern answer to the traditional herbal, this beautifully illustrated eBook shows you how easy it is to grow and use a wide range of safe, effective medicinal herbs at home. Discover how to treat everyday ailments with home-made tinctures, and syrups, and how to use food as medicine with delicious, seasonal herb-based soups, smoothies and juices, hot drinks, and salads that will soothe, calm, and heal. With step by step

breakdowns, learn how to grow your own food, forage in the wild, or buy items from a herbalist. Then, Home Herbal teaches you how to use herbs and recommends the top herbs for treating common ailments and presents nourishing, healing recipes for every season. Learn step-by-step techniques and herbal recipes for balms, massage blends, and bath oils. Home Herbal also features a fully illustrated A-Z directory of herbs that covers everything you need to know about each of the 100 herbs selected, from how to grow them, to which conditions they can help to treat, and the best ways to apply them. With Home Herbal as your guide, discover the satisfaction that comes from growing your own herbs and using them to care for yourself and your family, safe in the knowledge that they are natural and gentle, but highly effective.
