*Disasters and the American State* Patrick S. Roberts 2013-10-28 Disasters and the American State offers a thesis about the trajectory of federal government involvement in preparing for disaster shaped by contingent events. Politicians and bureaucrats claim credit for the government's successes in preparing for and responding to disaster, and they are also blamed for failures outside of government's control. New interventions have created precedents and established organizations and administrative cultures that accumulated over time and produced a general trend in which citizens, politicians and bureaucrats expect the government to provide more security from more kinds of disasters. The trend reached its peak when the Federal Emergency Management Agency adopted the idea of preparing for 'all hazards' as its mantra. Despite the rhetoric, however, the federal government's increasingly bold claims and heightened public expectations are disproportionate to the ability of the federal government to prevent or reduce the damage caused by disaster.

*Roger Ailes Ze'ev* Chafets 2013-03-19 A national bestseller offering an inside look at the founder and former head of Fox News Roger Ailes is the quintessential man behind the curtain. He more or less invented modern political consulting and helped Richard Nixon, Ronald Reagan, and George H. W. Bush win their races for the White House. Then he reinvented himself as a master of cable television, first as the head of CNBC and, since 1996, as the creator and leader of Fox News, the most influential news network in the country. To liberals, Ailes is an evil genius who helped polarize the country by breaking the mainstream media’s long monopoly on what constitutes news. To conservatives, he’s a champion of free speech and fair reporting whose values and view of America reflect their own. But no one doubts that Ailes has transformed journalism. Barack Obama once called him “the most powerful man in America”— and given that Fox News has changed the way millions understand the world, it may be true. Yet for all that fame and infamy, very few people know the real person behind the headlines. Journalist Zev Chafets received unprecedented access to Ailes and his family, friends, and Fox News colleagues. The result is a candid, compelling portrait of a fascinating man. We see Ailes in action at Fox News and hear him reflect on personal matters he has never before discussed publicly. And we discover the heart of his sometimes surprising political beliefs: his profane piety and his unwavering belief in the values of his small-town Ohio boyhood. Ailes loves to fight, but he is a happy warrior who has somehow managed to charm and befriend many of the people he has defeated in political campaigns and television wars. Barbara Walters, Rachel Maddow, Jesse Jackson, the Kennedy clan— all are unexpected Ailes fans. Chafets also gives us an unprecedented look at the inner workings of Fox News and explores Ailes’s relationships with Bill O’Reilly, Sean Hannity, Megyn Kelly, Neil Cavuto, Chris Wallace, and the other stars he has nurtured. Ultimately, Ailes is neither villain nor hero but a man full of contradictions and surprises. As Chafets writes, “What will he do next? What stokes his competitive fires and occasional rages? How to reconcile his acts of exceptional loyalty and private generosity (even to rivals) with his impulse to present himself to the world as a ruthless leg breaker? What makes Roger run—and where, if anywhere, is the finish line? As Ailes himself might say: I report, you decide.”

**Hoax** Brian Stelter 2020-08-25 The instant New York Times bestseller that reveals the collusion between Fox News and Donald Trump—with explosive new reporting covering the election and the January 6 riot. As the nation recovers from the Trump presidency, many questions remain: Why was the COVID-19 pandemic so grossly mishandled? How did we get so politically polarized? What caused white nationalist groups to come out of the shadows, and are they here to stay? The answers lie the twisted story of the relationship between Donald Trump and Fox News. Through firsthand accounts from over 250 current and former Fox insiders, CNN anchor and chief media correspondent Brian Stelter unlocks the inner workings of Rupert Murdoch’s multibillion-dollar media empire. The confessions are shocking: “We don’t really believe all this stuff,” a producer says. “We just tell other people to believe it.” Stelter completes the story of the Trump years and looks toward the future of the network that made him. Hoax is a book for anyone who reads the news and wonders how we got here, and what happens next.

**Debunked!** Richard Roeper 2008-06-01 As he did in "Urban Legends "and "Hollywood Urban Legends," and as he has done in dozens of columns for the "Chicago Sun-Times" over the last decade and a half, Richard Roeper lays out the basics of the conspiracy theory, quotes some of the true believers--and then tears the theory apart with his bare hands. 9/11 was an inside job. Lady Di and JFK Jr. were murdered. Heathens are winning the war on Christmas. "American Idol "is rigged. Barack Obama is a radical Muslim. "The Secret "will make you thin. The Virgin Mary is in the grilled cheese. That's what it's like to live inside the mind of the 21st-century conspiracy theorist, who believes that all you have to do is look at the signs and you'll see what's really going on. This book will appeal to the vast majority of readers who possess the common sense gene, as well as the vocal minority who believe they're living in a world in which secret tribunals pull the strings and influence the outcome of everything from terrorist attacks to professional sporting events.

*Lies (and the Lying Liars Who Tell Them)* Al Franken 2004-08-05 Al Franken, one of America's savviest satirists has been studying the rhetoric of the Right. He has listened to their cries of 'slander', 'bias' and even 'treason'. He has examined the Bush administration's policies of squandering our surplus, ravaging the environment, and alienating the rest of the world. He's even watched Fox News. A lot. And in this fair and balanced report, Al bravely exposes them all for what they are: liars. Lying, lying, liars.

*Worlds of Difference* Peter Pericles Trifonas 2015-12-22 The varying interests of competing minority groups often part company with regard to how to achieve an equitable community. Worlds of Difference rethinks the traditional interpretation of the principle of educational equity in light of this difficulty. Theorists and educational practitioners influenced by many disparate schools of thought reflect upon the possibilities of a "curriculum of difference" in relation to questions of language, culture, and media at the forefront of global education issues today. Collectively, the authors argue that education in theory and practice must reawaken an ethical consciousness that affirms the negative values of difference, but still recognizes the uniqueness and particularity of each group.

*Lies* Al Franken 2004-07-27 The #1 New York Times bestseller by Senator Al Franken, author of Giant of the Senate Al Franken, one of our “savviest satirists” (People), has been studying the rhetoric of the Right. He’s even watched Fox News. A lot. And, in this fair and balanced report, Al bravely and candidly exposes them all for what they are: liars. Lying, lying liars. Al destroys the liberal media bias myth by doing what his targets seem incapable of: getting his facts straight. Using the Right’s own words against them, he takes on the pundits, the politicians, and the issues, in the most talked about book of the year. Timely, provocative, unflinchingly honest, and always funny, Lies sticks it to the most right-wing administration in memory, and to the right-wing media hacks who do its bidding.

*The Geraldo Show* Geraldo Rivera 2018-04-03 During my half a century in public life, my image and reputation have had more ups and downs than the Cyclone roller coaster at Coney Island. I have been called savior and sinner, fool and wise man, crusader and exploiter, hothead and dope. I am routinely scorned, admired, beloved, and belittled—which one is usually based on when the viewer tuned in. Were you around for my early days as a crusading local newsman? Did you waste an evening with me inside Al Capone's empty vault? Were you watching when the bombs dropped in Afghanistan or Iraq, or did you tune in to the raucous talk show when my nose was broken in the best television studio brawl ever caught on tape? Since the attacks of September 11, 2001, and my employment by the conservative rabble-rousers of Fox News—and, more recently, with the coming of the Age of Trump—my professional life has been even more difficult to define. How could a sincerely progressive native-born Jew-Rican New Yorker like me ever work for an outfit better suited to the vibes of Orange County, California, the Dixie, Appalachia, or the Mountain West? How could I not condemn and obstruct a wrecking ball like Donald Trump? Over five decades, I have met most of the era's good and bad guys, from Ronald Reagan to Charles Manson, Fidel Castro to Yasser Arafat, Muhammad Ali to John Lennon, and Elvis Presley to Michael Jackson. Two figure heavily in this book, both longtime friends: Roger Ailes, the disgraced yet undeniably brilliant creator of Fox News; and Donald Trump, once a flamboyant playboy, billionaire businessman, and now 45th President of the United States. At the vigorous twilight of a long and largely improvised life lived in plain sight, I have little left to prove. Faced with a series of random chances, for better and worse, what I made of my life is what I made of those chances. Time has enlightened and humbled me. Sincerely, Geraldo Rivera

*East Meets Black* Chong Chon-Smith 2015-03-31 East Meets Black examines the making and remaking of race and masculinity through the racialization of Asian and black men, confronting this important white stratagem to secure class and racial privilege, wealth, and status in the post-civil rights era. Indeed Asian and black men in neoliberal America are cast by white supremacy as oppositional. Through this opposition in the US racial hierarchy, Chong Chon-Smith argues that Asian and black men are positioned along binaries brain/body, diligent/lazy, nerd/criminal, culture/ genetics, student/convict, and technocrat/athlete--in what he terms "racial magnetism." Via this concept, East Meets Black traces the national conversations that oppose black and Asian masculinities, but also the Afro-Asian counterpoints in literature, film, popular sport, hip-hop music, performance arts, and internet subcultures. Chon-Smith highlights the spectacle and performance of baseball players such as Ichiro Suzuki within global multiculturalism and the racially coded controversy between Yao Ming and Shaquille O'Neal in transnational basketball. Further, he assesses the prominence of martial arts buddy films such as Romeo Must Die and Rush Hour that produce Afro-Asian solidarity in mainstream Hollywood cinema. Finally, Chon-Smith explores how the Afro-Asian cultural fusions in hip-hop open up possibilities for the creation of alternative subcultures, to disrupt myths of black pathology and the Asian model minority. In this first interdisciplinary book on Asian and black masculinities in literature and popular culture, Chon-Smith explores the inspiring, contradictory, hostile, resonant, and unarticulated ways in which the formation of Asian and black racial masculinity has affected contemporary America.

**Double Standard** David F. Pierre, Jr 2013-05-22 Yes, Catholic priests terribly abused minors, and bishops failed to stop the unspeakable harm. That is an undeniable truth. Nothing justifies such an evil. However, major media outlets are unfairly attacking the Catholic Church, and this fast-paced, compelling book has the shocking evidence to prove it. This book addresses numerous topics, including: ... appalling cases of abuse and cover-ups happening today - but they're not happening in the Catholic Church ... proof that Catholic clergy do not offend more than teachers or those of other religious denominations ... data that shows that the Catholic clergy scandal is not about "pedophilia" ... affirmation that the Catholic Church may be the safest environment for children today ... research that uncovers the shady relationships between SNAP (Survivors Network of Those Abused by Priests), lawyers, and the media ... the alarming roots of SNAP's attacks on the Church ... the surprising truth about "repressed memories" ... unheard, agonized priests who deny the accusations against them ... evidence of how the "documentary" Deliver Us From Evil deceived moviegoers plus much more. Double Standard covers topics that the major media won't. There is no other book about the Catholic Church abuse narrative like this one.
