The French Beauty Solution Mathilde Thomas 2015-07-14 A New York Times bestseller! Cofounder of the international beauty company Caudalíe shares the simple, natural, time-tested beauty secrets she learned growing up in France that any woman can use to look younger, healthier, and more radiant without harsh products or drastic procedures. When Mathilde Thomas moved from her native France to the United States to expand her skin-care company, Caudalíe, she wanted to find out what American women wanted from their beauty routines. She interviewed thousands of women and was struck by how different the French and American approaches to beauty were. American women are all about the quick fix—the elusive product or procedure that will instantly solve a nagging beauty problem, even if it hurts, is wildly expensive, or is damaging in the long term. The French, by contrast, approach beauty as an essential and pleasurable part of the day, a lifelong and active investment that makes you look and feel good. Mathilde used these insights to turn Caudalíe into one of

America's top beauty brands. Drawing on her company's twenty years of scientific skin-care expertise backed by the research of doctors and dermatologists—as well as the beauty secrets she learned growing up on a vineyard in Bordeaux—The French Beauty Solution covers everything from how to use natural ingredients such as oil and honey to wash your face; what foods to eat for healthier hair, skin, and nails; and the amazing properties of grapes and grapeseed oil. She also introduces an easy three-day grape cleanse that European aristocrats have been using to detox for hundreds of years. Blending stories, science, DIY recipes, and tons of savoir faire, The French Beauty Solution is the last beauty regimen you'll ever need.

Excerpt: Wallis Simpson, previously Wallis Spencer, later the Duchess of Windsor (born Bessie Wallis Warfield; 19 June 1896 - 24 April 1986), was an American socialite whose third husband, Prince Edward, Duke of Windsor, formerly King Edward VIII of the United Kingdom and the Dominions, abdicated his throne to marry her. Wallis's father died shortly after her birth, and she and her widowed mother were partly supported by their wealthier relatives. Her first marriage, to U.S. naval officer Win Spencer, was punctuated with periods

of separation and eventually ended in divorce. In 1934, during her second marriage, to Ernest Simpson, she allegedly became the mistress of Edward, Prince of Wales. Two years later, after Edward's accession as King, Wallis divorced her second husband and Edward proposed to her. The King's desire to marry a woman with two living ex-husbands threatened to cause a constitutional crisis in the United Kingdom and the Dominions. This prospect ultimately led to the King's abdication in December 1936 to marry "the woman I love." After the abdication, the...

Fleeing persecution in 1960s America, a Black couple seeks asylum in Ghana, but fresh dangers and old secrets threaten their newfound freedom in this hypnotic debut novel. "I am truly blown away by this novel."—Jacqueline Woodson, New York Times bestselling author of *Red at the Bone* When the windshield of his Chevy Impala shatters in a dark diner parking lot in Alabama, Melvin moves without thinking. A split-second reaction marrows in his bones from the days of war, but this time it is the safety of his fiancé, Bernadette, at stake. Impulse keeps them alive, and yet they flee with blood on their hands. What is life like now that they are fugitives? Pack passports. Empty bank accounts. Set their old life on fire. The couple disguise themselves as a pastor and a reluctant pastor's wife who's hiding a secret from her fiancé. With a persistent FBI agent on their trail, they travel to Ghana to seek the help of Melvin's old college friend who happens to be the country's embattled president, Kwame Nkrumah. The couple's chance encounter with Ghana's most beloved highlife musician, Kwesi Kwayson, who's on his way to perform for the president, sparks a journey full of suspense, lust, magic, and

danger as Nkrumah's regime crumbles around them. What was meant to be a fresh start quickly spirals into chaos, threatening both their relationship and their lives. Kwesi and Bernadette's undeniable attraction and otherworldly bond cascades during their three-day trek, and so does Melvin's intense jealousy. All three must confront one another and their secrets, setting off a series of cataclysmic events. Steeped in the history and mythology of postcolonial West Africa at the intersection of the civil rights movement in America, this gripping and ambitious debut merges political intrigue, magical encounters, and forbidden romance in an epic collision of morality and power.

Kingonomics Rodney Sampson 2013-01-01 While most know of Dr. Martin Luther King Jr.'s sweeping dream of equality and freedom for all, what many do not realize is just how keenly focused he was on economic issues, particularly in his later years. Dr. King believed without economic opportunity, we do not have the chance to pursue happiness. It was, in fact, while planning the Poor People's March, a dramatic stand on economic issues, that his voice was forever silenced. In his final book, Dr. King posed the question, where do we go from here? The answer lies in *Kingonomics*, a 21st-century interpretation of his economic vision translated through the eyes of Dr. Rodney Sampson, a globally established economic innovator, business developer, and highly successful serial entrepreneur. With 12 currencies (including service, innovation, and reciprocity), Sampson takes pertinent ideas from the life and works of Dr. King and, by combining them with real-life experiences, produces a guide through which one can realize their full potential and personal power. Success does not discriminate, and the road map to it is contained in the pages of this revolutionary new work.

Science Fiction, Fantasy and Horror Film Sequels, Series and Remakes Kim R. Holston 2018-01-12 Science fiction, fantasy and horror movies have spawned more sequels and remakes than any other film genre. Following Volume I, which covered 400 films made 1931-1995, Volume II analyzes 334 releases from 1996 through 2016. The traditional cinematic monsters are represented--Dracula, Frankenstein, the Wolf Man, a new Mummy. A new wave of popular series inspired by comics and video games, as well as The Lord of the Rings trilogy, could never have been credibly produced without the advances in special effects technology. Audiences follow the exploits of

superheroes like Captain America, Iron Man, Spider-Man and Thor, and such heroines as the vampire Selene, zombie killer Alice, dystopian rebels Katniss Everdeen and Imperator Furiosa, and Soviet spy turned American agent Black Widow. The continuing depredations of Jason Voorhees, Freddy Krueger and Michael Myers are described. Pre-1996 movies that have since been remade are included. Entries features cast and credits, detailed synopsis, critics' reviews, and original analysis.
